EXPERIENCE

Vancouver Investors Club Inc. - Executive Assistant & Analyst (Hybrid Role) - Aug 2024 - Present

- Developed financial feasibility models for an Exempt Market Dealer (EMD) subsidiary launch, incorporating revenue modeling, compliance costs, and go-to-market timelines; used to guide executive decision-making.
- ROI and 5-year projection models for a \$15M commercial real estate acquisition; informed purchase negotiations and capital allocation strategy.
- Investor presentation decks integrating market data visualizations; increased engagement and secured interest from high-net-worth prospects.
- Produced AI-assisted market research briefs that reduced research turnaround time by 30% and improved accuracy of competitive insights.

Sun Commercial Real Estate Group - Strategy & Investment Intern - Summer 2019 & Summer 2021

- Market analysis reports on regional property trends; identified undervalued assets and acquisition targets.
- Rental yield and NOI forecast models for multi-unit properties; supported investment pitch preparation.
- Client-ready investment proposals combining financial projections and market rationale; contributed to property acquisition approvals.

Chinese Undergraduate Association University of Toronto - Media Director - Mar 2022 - Mar 2024

- Led cross-functional coordination with finance, sponsorship, and PR teams to produce branded sponsor decks and promotional media for events with 500+ attendees.
- Directed a team of 8+ contributors, implementing workflow improvements that increased delivery speed by 30% and enhanced output quality.

ACADEMIC & PROFESSIONAL PROJECTS

Georgetown Mall Investment Deck • Sun Commercial Real Estate Group • Aug 2021

- Modeled asset-level cap rates, ROI, and lease scenarios.
- Delivered pitch deck to internal stakeholders to support capital deployment.

Policy Paper - ECO349 Money, Banking and Financial Markets • University of Toronto • Jun 2023

- Modeled macro-financial shocks post-regional flood, simulating bond sell-offs, liquidity constraints, and credit demand shifts; recommended stabilization tools.

TELUS Corporation Financial Analysis Report • University of Toronto • Jun 2023

- Applied WACC, DDM, and pro forma modeling to evaluate stock valuation
- Identified short-term buy and long-term overvaluation signals.
